DETAILED ACTION

1 This action is responsive to the amendment filed on August 28, 2008.

2 The terminal disclaimer filed on 8/28/2008 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of the copending Application No. 10/545,202 has been reviewed and is accepted. The terminal disclaimer has been recorded.

3 Claims 6-17 are allowed.

STATEMENT OF REASONS FOR ALLOWANCE

4 The following is an examiner's statement of reasons for allowance:

The obviousness rejections over the prior art of record are rendered moot because applicants shown on record that the claimed composition (basic dyes, alcohol-soluble acryl base resin, lower alcohol and water in the claimed amounts) provides unexpected results in terms of a cumulative hair dyeing property, water resistance and skin dyeing property over the compositions of the prior art of record (acidic dyes, alcohol-soluble acryl base and/or basic dyes in the percentage amounts exceeding the recited range) that showed inhibited cumulative dyeing property, inferior in terms of water resistance and skin dyeing property (see specification at page 22, Table 1). Accordingly, the claimed subject matter as a whole would not have been obvious to one having ordinary skill in the art of hair dyeing formulation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
